Visions in the Nunnery
 has become an unmissable event
 for artists working with the moving
 image.

This year, it includes recent work
 by established and emerging
 artists' worldwide as well as special
 screenings, performances and
 talks. The variety of conceptual
 approaches and aesthetic choices
 shows a medium alive with
 enthusiasm and questions.

Tessa Garland, Cinzia Cremona
 & Darshana Vora have selected
 from 500 International entries
 to orchestrate a reflective and
 unforgettable series of curated
 events.

The concluding Critical Forum will
 be an opportunity to discuss the
 curatorial approaches and works
 with the artists, and reflect on the
 different languages and forms of the
 moving image.
